Created by: Leila Getto

Who:

William Dove, Katharine MacGregor, Walter Cruickshank, Scott Hommel, Joseph Balash, David Bernhardt, Gary Lawkowski, Casey Hammond, Downey Magallanes, Caroline Boulton, James Cason

Description:

The scheduling office will be reaching out to schedule a monthly meeting with the Secretary. This meeting will be scheduled for 1 hour and is intended to be a more comprehensive discussion of your hallway's work. This should, at a minimum, be a deeper dive on issues presented at the bi weekly's and other department business under your direction that warrants the Secretary's awareness and or thoughts and guidance. Any items for Secretary decision should still follow previous Deputy Secretary direction and process. The Deputy Secretary has an open invitation to attend all meetings based on his availability and convenience. You are encouraged to bring Senior and SME staff as necessary. Please coordinate all participants with Downey in advance along with an advance copy of material to be covered

Description:

Training for New Secretarial Order Database: We will hold a mandatory training session that each Assistant Secretary and their Chief of Staff will need to attend. There will be two time slots so you can choose the time that best fits your schedule. The first 15 minutes will be an overview of the program for the Assistant Secretaries followed by a more detailed training for the Chiefs. Assistant Secretaries are more than welcome to stay for the entirety of the training. The training sessions will be held on February 22nd. First session @ 11:00 a.m.- 12:00 p.m. Second session @ 1:00 p.m. - 2:00 p.m. Please just accept the time slot that works for your schedule. If an Assistant Secretary cannot attend, send an email to Todd Willens (and cc me).

Description:

Hi all, Please join us on Tuesday March 6 to discuss the New York Times bestseller, *Killers of the Flower Moon: The Osage Murders and the Birth of the FBI* by David Grann. We will meet in the renovated DOI Library, accessible from the C Street Lobby of the Main Interior Building. Everyone is welcome and you don't need to finish the book to join us. Tell your friends! Book info: The Amazon Editors' Pick for the Best Book of 2017: In the 1920s, the Osage found themselves in a unique position among Native American tribes. As other tribal lands were parceled out in an effort by the government to encourage dissolution and assimilation of both lands and culture, the Osage negotiated to maintain the mineral rights for their corner of Oklahoma, creating a kind of "underground reservation." It proved a savvy move; soon countless oil rigs punctured the dusty landscape, making the Osage very rich. And that's when they started dying. You'd think the Osage Indian Reservation murders would have been a bigger story, one as familiar as the Lindbergh kidnapping or Bonnie and Clyde. It has everything, but at scale: Execution-style shootings, poisonings, and exploding houses drove the body count to over two dozen, while private eyes and undercover operatives scoured the territory for clues. Even as legendary and infamous oil barons vied for the most lucrative leases, J. Edgar Hoover's investigation - which he would leverage to enhance both the prestige and power of his fledgling FBI - began to overtake even the town's most respected leaders. Exhuming the massive amount of detail is no mean feat, and it's even harder to make it entertaining. But journalist David Grann knows what he's doing. With the same obsessive attention to fact - in service to storytelling - as *The Lost City of Z*, *Killers of the Flower Moon* reads like narrative nonfiction as written by James M. Cain (there are, after all, insurance policies involved): smart, taut, and pacy. Most sobering, though, is how the tale is at once unsurprising and unbelievable, full of the arrogance, audacity, and inhumanity that continues to reverberate through today's headlines. --Jon Foro, The Amazon Book Review

Description:

The correct date for this meeting is March 21, same time. POC: Jennifer Johnson, 202-841-1171 www.bighornpublicaffairs.com I am helping the National Environmental Banking Association, a relatively new trade association that represents small businesses across the United States committed to high standards for ecological restoration and preservation of wetlands and natural habitats through the use of environmental banks. The Association's members have established and operated mitigation, conservation and other banks throughout the United States since the early 1990s. Could we come meet with you on the morning of Tuesday or Wednesday March 20 or 21? There would be about 6 folks, namely the Board Members, for such a meeting. Please let me know your thoughts and I can certainly provide names and such for the meeting attendees. Best regards,

Description:

Rescheduled from March 21, same time. POC: Jennifer Johnson, 202-841-1171 ww.bighornpublicaffairs.com I am helping the National Environmental Banking Association, a relatively new trade association that represents small businesses across the United States committed to high standards for ecological restoration and preservation of wetlands and natural habitats through the use of environmental banks. The Association's members have established and operated mitigation, conservation and other banks throughout the United States since the early 1990s. Could we come meet with you on the morning of Tuesday or Wednesday March 20 or 21? There would be about 6 folks, namely the Board Members, for such a meeting. Please let me know your thoughts and I can certainly provide names and such for the meeting attendees. Best regards,

Description:

Join us in the Library to discuss A Walk in the Woods by Bill Bryson. If you don't finish it - come anyway. A Walk in the Woods: Rediscovering America on the Appalachian Trail by Bill Bryson (1999) 305 pages Back in America after twenty years in Britain, Bill Bryson decided to reacquaint himself with his native country by walking the 2,100-mile Appalachian Trail, which stretches from Georgia to Maine. The AT offers an astonishing landscape of silent forests and sparkling lakes—and to a writer with the comic genius of Bill Bryson, it also provides endless opportunities to witness the majestic silliness of his fellow human beings. For a start there's the gloriously out-of-shape Stephen Katz, a buddy from Iowa along for the walk. Despite Katz's overwhelming desire to find cozy restaurants, he and Bryson eventually settle into their stride, and while on the trail they meet a bizarre assortment of hilarious characters. But A Walk in the Woods is more than just a laugh-out-loud hike. Bryson's acute eye is a wise witness to this beautiful but fragile trail, and as he tells its fascinating history, he makes a moving plea for the conservation of America's last great wilderness. An adventure, a comedy, and a celebration, A Walk in the Woods has become a modern classic of travel literature.

Description:

Hi all, The votes are in and for our next book, we will read The Feather Thief: Beauty, Obsession, and the Natural History Heist of the Century by Kirk Wallace Johnson. It just edged out Simon Winchester's Pacific: Silicon Chips and Surfboards, Coral Reefs and Atom Bombs, Brutal Dictators, Fading Empires, and the Coming Collision of the World's Superpowers so we will read that for our Sept/October meeting. We'll meet in the Library and no RSVP is necessary. You can also come if you don't finish the book - many of us often don't. Spread the word! And you can contact the Reference Desk with any questions - (202)208-5815 or library@ios.doi.gov Happy reading! Shannon

Description:

Scope of the call: I'm reaching out to you regarding the eagle featherspetition submitted to the Department by the folks at Becket. We've beenspeaking with Becket about this issue for several months now; they'vebeen keeping us in the loop since this is an issue near and dear to theheart of many tribal citizens. I'm wondering if you had 15 minutes thisafternoon to discuss the petition? We had some questions about timingof publication? About which agency would publish - FWS or BIA, or both?About whether tribal consultation is included in the Department's planon this issue, and whether we should be working with our eventscoordinator to see about setting aside space for a listening session onthis issue at our upcoming Annual conference in Denver, CO. For whatit's worth, we think the Annual Conference is a great opportunity forthe Department to share any information, such as this, with tribes andget constructive feedback from Indian Country. That being said, ourevents staff if finalizing room reservations and agendas, etc. so wewouldn't want to miss any potential windows for making that happen - ifyou all feel that would be helpful.

All, Mr. Lawkowski has asked for some briefings. He would like to have some of them this week if you or your designated briefer are available. Amanda Long will reach out to you to coordinate your schedules. Topics: 1. He would like an overall briefing regarding your bureau. Who, what, where, how, budget, hot issues, etc. This can be the same briefing you all gave me when I first arrived. 2. From BOEM, he would also like targeted briefings on your 5 year plan and Financial Assurance. 3. From BLM, he would like a briefing on ROWs for renewable projects and the royalty proposal issue. He believes BLM recently briefed Mr. Hammond on this issue and he'd like to receive the same briefing. Thank you in advance, Cara Lee Cara Lee Macdonald Chief of Staff to the Assistant Secretary Land and Minerals Management U.S. Department of the Interior 1849 C Street NW, Room 6624 Washington, D.C. 20240 (Off) 202.208.2654 (Cell) (b) (5) cara_macdonald@ios.doi.gov

Hello Gary, I chair the Departmental Working Group on Technology Transfer. Some of our bureaus use various agreements authorized under the Federal Technology Transfer Act to cooperate with non-federal entities, and at our last meeting the SO was brought up. We were wondering whether there is any guidance or language that might be included in those agreements to ensure compliance with the SO's Section 4 b (3) requirement? Could we have a brief meeting on this some today? I'm available any time before 11:45 or after 2:30. Thanks. Indur Goklany Sr. Advisor, Office of Policy Analysis 202-208-4951

Description:

Hosted by the Office of the Assistant Secretary for Water & Science -contact Bill Lukas or Kerry Rae for more information:Congress mandated that an independent scientific review panel provideprogress reports on Everglades restoration efforts. The NationalAcademies of Science most recent report, Progress Toward Restoring theEverglades: The Seventh Biennial Review, 2018, will be released onOctober 17. Stephanie Johnson, study director for the National Academies project, will present key findings and lessons learned overthe course of the seven reviews.National Academies of Sciences, Engineering and Medicine's FourteenYears of Reviews of Everglades Restoration ProgressThe Comprehensive Everglades Restoration Plan (CERP) was approved byCongress in 2000 as a multibillion dollar, multidecadal plan with 68projects to restore the South Florida ecosystem, which includesEverglades, Biscayne Bay, and Big Cypress National Parks, A.R.M.Loxahatchee National Wildlife Refuge, and Miccosukee and Seminole Tribelands. Congress also mandated that an independent scientific reviewpanel provide biennial reports of progress, and since 2004, theNational Academies have convened committees of experts, who volunteertheir time to this endeavor. In addition to reviews of restorationprogress and monitoring, each biennial report examines 1-3 focal issues that the committee judges are impacting restoration progress or arelikely to impact progress in the near future. These reports have hadimportant impacts on the trajectory of the restoration, includingproviding the impetus for the Central Everglades Planning Project. Thecommittee's seventh report, Progress Toward Restoring the Everglades:The Seventh Biennial Review, 2018, will be publicly released on October17th. Stephanie Johnson, study director for the project, will providean overview of the 2018 report and key findings and lessons learnedover the course of the seven reviews.<http://nas-sites.org/cisrerp/>.
